Sir:

Pursuant to the provisions of 37 CFR §1.56 and §1.97-§1.98, Applicants hereby submit information enclosed herewith and listed on the enclosed Forms Substitute PTO 1449 of which they are aware, which they believe may be material to the examination of this application, and in respect of which there may be a duty to disclose. This IDS is being filed before the receipt of a first Office Action and after the filing of a Request for Continued Examination under §1.114 that was mailed to the USPTO on October 9, 2008.

A list of the references is set forth on the attached Substitute Forms PTO 1449. A copy of each of the listed items is enclosed.

All of the references listed on the 1449 were brought to the attention of Applicants in conjunction with oppositions filed against related commonly owned European patents.

Reference V152 is in the German language. It is believed that reference V155 is an English language version of reference V152.

While the information and references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 CFR §1.56, submission of this IDS is not intended to constitute an admission that any patent, publication, or other information referred to herein is "prior art" for this invention.

In accordance with 37 CFR §1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made, or that no other material information as defined in 37 CFR §1.56(a) exists. It is submitted that this Information Disclosure Statement complies with 37 CFR §1.98 and MPEP § 609, and the Examiner is respectfully requested to consider the listed references.

While Applicants believe that no fee is due, the Commissioner is hereby authorized to charge our Deposit Account No. 19-3140 for any fees required in connection with the filing of this Information Disclosure Statement. This sheet is being submitted in duplicate.

Respectfully submitted,
